24 HOURS OF TRAINING OVER 3 DAYS

This course prepares the individual officer with the knowledge, skills and abilities needed when responding to a critical incident involving active killing, in the single officer capacity. Our program focuses on enlightened conservation of the single officer response. We emphasize problem solving while utilizing fundamental tactics and techniques that are simple, effective and repeatable. These tactics and techniques have been gained and validated through real world experiences. This is a hands-on, high-intensity course in which students practice tactics and techniques in the field that will improve and enhance the officer's problem-solving ability in the single officer response.

LEARNING OBJECTIVES

- Current trends involving active killing incidents
- Case studies
