National Tactical Officers Association

I am writing this letter offering my personal and professional endorsement of Sam Todd for the NTOA Region Director - Central Region.

Sam was a previous President of the Ohio Tactical Officers Association. Sam continues to volunteer his time to help the OTOA with our annual training conference and various training events throughout the year.

Sam's experience and leadership running a state tactical association, experience as a SWAT officer and police tactical trainer will prove to be an invaluable asset to the NTOA and its membership.

Respectfully,
Patrick Fiorilli
