

SCENARIO BASED TACTICAL OPERATIONS

COURSE OVERVIEW AND INSTRUCTIONAL GOALS

COURSE LENGTH: 40 Hours (4 Days / 10 Hours Each Day)
0 Hours Classroom
40 Hours Practical

COURSE OVERVIEW

This course is intended for SWAT team members who have prior training and experience in the barricade, warrant service and hostage rescue disciplines. It is recommended that students have attended Basic SWAT or SWAT I, and SWAT II (or equivalent) prior to attending this class.

Officers attending the course will be evaluated on their prior experience and training and will be tasked with various tactical scenarios dealing with barricade, warrant service, and hostage rescue incidents.

This will be an intensive scenario only based course, which will have no formal instruction prior to each training scenario and will require students to perform utilizing their prior experience. Throughout the course, students will be provided feedback and critiques on their performance.

Scenarios will include environments conducive to actual real-time operations, to include low-light and night-time operations.

THIS COURSE WILL END AT 2400 HOURS ON THE LAST DAY OF CLASS. STUDENTS SHOULD PLAN ACCORDINGLY.

INSTRUCTIONAL GOALS

Upon completion of this course the attendee will be familiar with:

1. Barricaded subject tactics and techniques in reality based training scenarios.
2. High-Risk warrant service tactics and techniques in reality based training scenarios.
3. Hostage rescue tactics and techniques in reality based training scenarios.
4. Understanding the decision-making process in resolving these three response capabilities.
