 Terry Fletcher and Brad Becker

PFQ CHALLENGE - 2025

BY ASHLEY SUTTON

In June 2025, the NTOA conducted its fifth annual PFQ Challenge. All operators who successfully achieved a score of 50 points on the test are listed on page 73. The top 10 scorers received a one-year membership to the NTOA and a formal certificate of achievement for their accomplishment. The agency or SWAT team

that submitted the highest overall score is also listed on page 73 and received a plaque commemorating the achievement.

The NTOA Physical Fitness Section is proud to honor and celebrate the nation's top performers from ERT and SWAT operations for their outstanding achievements on the NTOA PFQ. Their strength, endurance, speed and resilience set them apart, placing them at the very tip of the spear. These operators run toward danger without hesitation, meeting it head-on with the skill, grit and determination to prevail — faster and sharper than the rest.

**CONTINUE TO TRAIN AS IF YOUR LIFE
 DEPENDS ON IT – BECAUSE IT DOES!**

Special recognition is in order for Officer Kyle Becker of the Waukesha (WI) Police Department for the overall highest PFQ score of 166 points (Fittest Operator Award) and to the Waukesha Police Department for its Fittest SWAT Team Award. The gold standard of 50+ points on the PFQ was achieved by 108 operators.

In addition to the objective data collection provided by the PFQ testing, incredible testimonies of increased unit cohesiveness, trust, esprit de corps and operational readiness were also presented.

Over the next several months, the NTOA Physical Fitness section will meet to review the objective data and make recommendations on areas where the test and testing administration can be improved.

On behalf of the NTOA and the Physical Fitness section, we would like to thank everyone who participated in the test and congratulate you on your achievements.

**THANK YOU TO
 OUR SPONSOR!**
