DEA Academy class attended by commanders from around the world to receive training in the field of operating a professional drug unit.

I live in Central Florida between Daytona Beach and Orlando, which is not bad, sunshine, oceans and amusement parks. I have been married to my exceptional wife for 34 years and we have four great adult kids. Though I have a passion for law enforcement, I also have a passion for cars and hiking. I continue to chip away at the Appalachian Trail through section hikes and helped my buddy complete the Moab 240 the year before last. I currently own way too many cars and trucks, but it's not a bad hobby to have.
